

2020 Curry County Community Health Improvement Plan (CHIP) Fund Application

CHIP Fund Information

Advanced Health has designated funds to be directed by the Advanced Health Community Advisory Council (CAC) in support of the Curry County Community Health Improvement Plan (CHIP). These funds are for community benefit initiatives that align with the Curry County CHIP priorities and are focused on improving population health, health care quality, and health equity. Applicants are strongly encouraged to collaborate and coordinate with the established CHIP subcommittees or workgroups.

Three funding cycles are planned for 2020, as long as funds remain available. Funds will be awarded on a first come, first served basis. Applications will be reviewed by the CAC at their August, October, and December meetings.

Applications Due	Review Date/ CAC Meeting	Expected Award Announcement
Monday, August 17, 2020	Thursday, August 27, 2020	Tuesday, September 1, 2020
Monday, October 12, 2020	Thursday, October 22, 2020	Tuesday, October 27, 2020
Monday, December 7, 2020	Thursday, December 17, 2020	Tuesday, December 22, 2020

Successful applicants will be required to submit two reports to the CAC: a progress report at six months and a final report at twelve months after the award date.

The Curry County Health Improvement Plan is available online at:

<http://advancedhealth.com/community-focus/curry-community-health-improvement-plan/>

Submit applications and questions by email to Bonnie Ell at bonnie.ell@advancedhealth.com.

Applicant Information

Applicant Organization Name:

Mailing Address:

Physical Address (if different from Mailing Address):

Name and Title of Contact Person:

Email Address:

Telephone Number:

What services does your organization provide to the community?

CHIP Alignment Information

Which Curry County CHIP priorities does this project/program address? (Please put an X by all that apply.)

Behavioral Health- Support and improve access to mental health and getting help with addictions.

Dental Health- Help more people get dental care. Combine dental care with physical and mental health better.

Access to Healthcare- Hire, and keep, more providers to have better health services in the area.

Food and Nutrition- Help people worry less about their food. Make healthy, nutritious food more available.

Housing and Homelessness- Increase accessible housing availability, affordability, and quality. Support projects that help reduce homelessness.

Youth and Seniors- Lessen the pain of people who have been badly hurt emotionally. Help them to be stronger when facing future problems. Help young people and older adults feel less alone. Work with the community to help young people, such as early learning and school-based health centers.

Workforce and Economic Development- Educate people about poverty and programs related to reducing poverty. Increase traditional/community health care workers. Create programs to train and educate home-grown medical providers.

Is this proposal submitted in collaboration or coordination with a CHIP subcommittee or workgroup?

- If yes, which subcommittee or workgroup?

Proposal Information

Project/program description (Limit to 2 pages or less.):

- Describe the proposed project
- Describe the population to be reached, including an estimate of how many are in the population and how many you expect to reach
- Identify how the proposal aligns with the CHIP
- Describe the role of any other community organizations or partners
- Include a timeline for the proposed project

Outcomes/goals:

- State the intended outcome or goal for the project
- Use SMART goals (**S**pecific, **M**easurable, **A**chievable, **R**elevant, **T**ime-based)
- Include information on how the project will be measured and evaluated for effectiveness and by when

Budget (Limit to 1 page. A separate budget document may be attached if needed.):

- Include a detailed project budget
- If additional or matching funds are available, include their source and amount
- Clearly indicate the amount requested from the Advanced Health Community Health Improvement Plan (CHIP) Fund

Sustainability:

- Discuss whether and how the project will be sustained after the requested funds are expended
