

# Advanced Health Formulary 2022: **Alphabetical**

Advanced Health is a mandatory generic plan. Generics must be used when commercially available.

Any Prescription Over \$500 Will Require A Prior Authorization.

**PA Required for ongoing use**

**Special Considerations**

**Bold Items Are the Most Cost-Effective Choices Within a Drug Class.**

**Any item not listed may be requested for coverage through the prior authorization process.**

<b>A</b>
Acetaminophen
Acetazolamide
Acyclovir oral (≤90 days)
<b>Admelog (insulin lispro) (≤90 days)</b>
<b>Albuterol HFA (limit 1 inhaler/30 days)</b>
Albuterol nebulizer solution
Alendronate (≤90 days)
Allopurinol (≤90 days)
<i>Alphagan P</i> 0.1% (Brimonidine)
<b>Alvesco (ciclesonide)</b>
Amantadine
Amiloride (with HCTZ) (≤90 days)
Amiodarone (≤90 days)
Amlodipine (with Benazepril) (≤90 days)
Amoxicillin
Amoxicillin/Clavulanic Acid
Amphetamine/ Dextroamphetamine IR (age ≤22)
Ampicillin
Aspirin (≤90 days)
Atenolol (with Chlorthalidone) (≤90 days)
<b>Atorvastatin (≤90 days)</b>
Atropine Ophthalmic
Azathioprine (≤90 days)
Azithromycin
<b>B</b>
Bacitracin/Polymyxin B Ophthalmic
Baclofen 10mg & 20mg
Balsalazide
Baqsimi (age ≤18)
Benazepril (HCTZ) (≤90 days)
Benzotropine
Bethanechol
<i>Bexsero</i> Vaccine (age 19-25)
Bimatoprost Ophthalmic
Bismuth Tablets
Bisoprolol (with HCTZ) (≤90 days)
Brimonidine Ophthalmic 0.15%
Brinzolamide Ophthalmic

Budesonide Nebulizer Solution (age≤7)
Budesonide/formoterol
Bumetanide (≤90 days)
Buprenorphine
Buprenorphine/naloxone
<b>C</b>
Calcitonin Nasal Spray
Capsaicin Cream
Captopril (with HCTZ) (≤90 days)
Carbamazepine (≤90 days)
Carbidopa/Levodopa
Carvedilol IR & ER (≤90 days)
Cefdinir
Cefpodoxime
Cefuroxime
Celecoxib 100mg & 200mg
Cephalexin
Cetirizine 10mg tablet (≤90 days)
Chlorhexidine Oral Rinse
Cholestyramine Powder
Cilostazol (≤90 days)
Cimetidine
<i>Cipro HC</i> Otic (ciprofloxacin/ hydrocortisone)
Ciprofloxacin ophthalmic, suspension, & tablets
Ciprofloxacin/Dexamethasone Otic
Clindamycin capsule & vaginal
Clobetasol
Clonazepam IR (PA after 28 days)
Clonidine Tablets (≤90 days)
Clopidogrel (≤90 days)
Clotrimazole Topical
Clotrimazole Troches
Clotrimazole 1% vaginal
Contraceptive Products: cervical cap, condoms, diaphragm, & spermicide
COVID Vaccine ( <i>Johnson &amp; Johnson-Age</i> ≥18, <i>Moderna-Age</i> ≥18, <i>Pfizer-Age</i> ≥12)
Cromolyn Nebulizer Solution
Cyanocobalamin (vitamin B12) Injections (≤90 days)

Cyclobenzaprine 10mg tab
Cyproheptadine (≤90 days)
<b>D</b>
Dexamethasone
Dextroamphetamine IR (age ≤22)
Diclofenac Sodium ophthalmic & tablets
Diclofenac Topical Gel 1% (limit 100 grams per 30 days)
Dicloxacillin
Dicyclomine
Digoxin (≤90 days)
Diltiazem (≤90 days)
Diphenhydramine (≤90 days)
Diphenoxylate/Atropine
Disulfiram
Docusate Sodium
Dorzolamide Ophthalmic
Dorzolamide/Timolol Ophthalmic
Doxazosin (≤90 days)
Doxycycline (100mg capsules up to 180 capsules and/or 90 days every 365 days) (All others; PA required if used > 14 days every 180 days)
Doxylamine
<b>E</b>
<i>Eliquis</i> (apixaban) (PA after 90 days)
Ella (ulipristal) (≤90)
Emtricitabine/tenofovir disoproxil fumarate
Enalapril (with HCTZ) (≤90 days)
Enoxaparin (PA if used > 10 days)
Epinephrine Pens (limit 2 pens per fill, PA required for > 2 fills per year)
Ergonovine
Erythromycin (ophthalmic & oral)
Erythromycin/Sulfisoxazole
Esterified Estrogen/ Methyltestosterone
Estradiol oral tablets (≤90 days)
Estradiol twice weekly patch (≤90 days) (0.025mg requires PA)

# Advanced Health Formulary 2022: **Alphabetical**

Advanced Health is a mandatory generic plan. Generics must be used when commercially available.

Any Prescription Over \$500 Will Require A Prior Authorization.

PA Required for ongoing use

Special Considerations

**Bold Items Are the Most Cost-Effective Choices Within a Drug Class.**

Any item not listed may be requested for coverage through the prior authorization process.

Estradiol weekly patch (0.05mg & 0.1mg)
Estradiol vaginal cream
Estradiol vaginal tablet
Estropipate
Ethacrynic Acid
Ethinodiol Diacetate/EE (≤90)
Etonogestrel/EE vaginal
Ezetimibe (≤90 days)
<b>F</b>
Famotidine (≤90 days)
Felodipine (≤90 days)
Fenofibrate 43mg, 54mg, 67mg, 134mg, & 200mg (≤90 days)
Ferrous Gluconate (≤90 days)
Ferrous Sulfate (≤90 days)
Finasteride 5mg Tablets (≤90 days)
Flecainide (≤90 days)
<i>Flovent Diskus</i> (fluticasone) (50mcg & 100mcg)
Fluconazole (limit 14 tablets per 30 days)
Fludrocortisone
Fluocinonide cream & ointment
Fluoride (age ≤18) (≤90 days)
Fluorouracil
Fluorometholone Ophthalmic
<i>Fluticasone HFA</i> (44mcg and 110mcg)
<i>Fluticasone Nasal Spray</i> (16 gram only)
Fluticasone/salmeterol (generic <i>Advair Diskus</i> 100/50mcg & 250/50mcg)
<b>Fluticasone/salmeterol</b> (generic <i>AirDuo Resplick</i> )
Folic Acid (≤90 days)
Fosinopril (with HCTZ) (≤90 days)
Furosemide (≤90 days)
<b>G</b>
Gabapentin capsule (100mg, 300mg, 400mg)
Gabapentin tablet (600mg & 800mg)
Ganciclovir Ophthalmic
Gemfibrozil (≤90 days)

Glimepiride (≤90 days)
Glipizide (≤90 days)
Glucagon (limit 2 per year)
Glyburide (≤90 days)
Guanfacine IR
Gvoke Hypokit (1-pack)
<b>H</b>
Hydrocortisone/Neomycin/ Polymyxin B Ophthalmic
Hydralazine (≤90 days)
Hydrochlorothiazide (≤90 days)
Hydrocortisone (cream & ointment)
Hydrocortisone tablets
Hydroxychloroquine
Hydroxyzine
<b>I</b>
Ibuprofen
<b><i>Incruse Ellipta</i></b> (umeclidinium)
Indomethacin 25mg & 50mg
Influenza Vaccine (age ≥19)
Insulin aspart (≤90)
<b>Insulin glargine-yfgn</b> (≤90 days)
Ipratropium Nebulizer Solution
Ipratropium/Albuterol Nebulizer Solution
Irbesartan
<i>Isentress</i> (raltegravir)
Isoniazid
Isosorbide Dinitrate (≤90 days)
Isosorbide Mononitrate (≤90 days)
Ivermectin
<b>JK</b>
Ketorolac Ophthalmic
<b>L</b>
Lactulose Suspension
Latanoprost Ophthalmic
Leflunomide (≤90 days)
Levetiracetam IR (≤90 days)
Levofloxacin
Levonorgestrel 1.5mg tablet
Levonorgestrel/EE (≤90)
Levothyroxine (≤90 days)

Lidocaine 4% cream (limit 100 grams per 30 days)
Lidocaine 4% patch (limit 30 patches per 30 days)
Lidocaine Viscous Solution
Lisinopril (with HCTZ) (≤90 days)
Loperamide
Loratadine (≤90 days)
Losartan (with HCTZ) (≤90 days)
<b>Lovastatin</b> (≤90 days)
<b>M</b>
Magnesium Chloride (≤90 days)
Magnesium Oxide (≤90 days)
Medroxyprogesterone injection & tablet (≤90 days)
Melatonin 1mg, 3mg, 5mg, 10mg (≤18)
Meloxicam
Metformin (≤90 days)
Methimazole (≤90 days)
Methocarbamol
Methotrexate
Methylodopa
Methylergonovine injection & tablet
<b>Methylphenidate ER</b> (10mg & 20mg tablets) (age ≤22)
Methylphenidate IR (age ≤22)
Methylprednisolone
Metoclopramide
Metolazone (≤90 days)
Metoprolol Succinate (≤90 days)
Metoprolol Tartrate(≤90 days)
Metronidazole tablets & vaginal
Miconazole
Misoprostol
<b>Montelukast (≤90 days)</b>
Moxifloxacin Ophthalmic
<b>N</b>
Naproxen Sodium (IR only)
Naloxone injection & nasal spray
Naltrexone Tablets (≤90 days)
<i>NeCon</i> (norethindrone/mestranol) (≤90)

# Advanced Health Formulary 2022: **Alphabetical**

Neomycin/Polymyxin/ Dexamethasone Ophthalmic
Niacin (OTC) (≤90 days)
Nicotine gum, lozenge, & patch
Nifedipine (≤90 days)
Nitrofurantoin
Nitroglycerin
Norethindrone (≤90)
Norethindrone/EE (with iron) (≤90)
Norgestimate/EE (≤90)
Novolin 70/30 (≤90)
Novolin N (≤90)
Novolin R (≤90)
Nystatin
<b>O</b>
Ofloxacin Ophthalmic
Ofloxacin Otic
<b>Omeprazole</b>
Ondansetron (limit 20 tablets per fill, <b>PA required for &gt; 3 fills per year</b> )
Oseltamivir
Oxcarbazepine (≤90 days)
Oxybutynin v
<b>P</b>
<b>Pantoprazole</b>
Penicillin
Permethrin 1%
Phenazopyridine
Phenobarbital (≤90 days)
Phenytoin (≤90 days)
Phytonadione 5mg
Pilocarpine Ophthalmic
Pioglitazone (≤90 days)
Podofilox Solution
<b>Polyethylene Glycol</b>
Potassium chloride (≤90 days)
<b>Pradaxa</b> (dabigatran) ( <b>PA after 90 days</b> )
Prasugrel (≤90 days)
Pravastatin (≤90 days)
Prazosin (≤90 days)
Prednisolone ODT (age ≤7)
Prednisolone Ophthalmic

Prednisolone Solution
Prednisone Tablets
Prenatal Vitamins (RX) (age ≤49)
Probenecid
Prochlorperazine
Progesterone Capsules (≤90 days)
Propranolol (≤90 days)
Propylthiouracil (≤90 days)
Pyrantel Pamoate Tablets
Pyridoxine 25mg Tablets
<b>Q</b>
Quinapril (with HCTZ) (≤90 days)
<b>QVAR Redihaler</b> (beclomethasone)
<b>R</b>
Raloxifene
Ramipril (≤90 days)
Reserpine
Riboflavin (OTC)
Rifampin
Rizatriptan Tablets and MLT (limit 9 tablets per 30 days)
Rosuvastatin (≤90 days)
<b>S</b>
SalonPas Patch (methyl salicylate/menthol; capsaicin/menthol) (limit 30 patches per 30 days)
SalonPas Spray (methyl salicylate/menthol)
Salsalate
<b>Savaysa</b> (edoxaban) ( <b>PA after 90 days</b> )
Scopolamine Ophthalmic
Selegiline
<b>Shingrix</b> Vaccine (age ≥50; limit 2 doses per lifetime)
Silver Sulfadiazine
<b>Simvastatin</b> (≤90 days)
Sodium Polystyrene Sulfonate
Sotalol (≤90 days) (≤90 days)
Spirolactone (HCTZ)
Sucralfate Tablets
Sulfacetamide Ophthalmic

Sulfacetamide/Prednisolone Ophthalmic
Sulfamethoxazole/Trimethoprim
Sulfasalazine Tablets
Sulindac
<b>Sumatriptan Tablets</b> (limit 9 tablets per 30 days)
<i>Suprep</i> (sodium sulfate/potassium sulfate/magnesium sulfate)
<b>T</b>
Tamsulosin (≤90 days)
Terazosin (≤90 days)
Terconazole Vaginal
Testosterone Injections
Thyroid ( <i>Armour Thyroid &amp; NP Thyroid</i> )
Timolol Ophthalmic
<i>Tivicay</i> (dolutegravir)
Tobramycin Ophthalmic
Topiramate
Travoprost Ophthalmic
Triamcinolone Topical
Triamterene (with HCTZ)
Trifluridine Ophthalmic
Trihexyphenidyl (≤90 days)
Trimethoprim
Trimethoprim/Polymyxin B Ophthalmic
Triple Antibiotic Ointment (OTC)
Tri-vi-sol (with Iron)
<b>Trumenba</b> Vaccine (age 19-25)
<b>UV</b>
Valsartan (≤90 days)
Varenicline (limit 2 quit attempts per year)
Verapamil (≤90 days)
Vidarabine Ophthalmic
Vitamin D
<b>WXYZ</b>
Warfarin (≤90 days)
<b>Xarelto</b> (rivaroxaban) ( <b>PA after 90 days</b> )
<i>Xulane</i> (norelgestromin/ethinyl estradiol) patch

## Advanced Health Formulary 2022: **Alphabetical**

**Advanced Health is a mandatory generic plan. Generics must be used when commercially available.  
Any Prescription Over \$500 Will Require A Prior Authorization.**

**PA Required for ongoing use**

**Special Considerations**

**Bold Items Are the Most Cost-Effective Choices Within a Drug Class.**

**Any item not listed may be requested for coverage through the prior authorization process.**

**Mental Health Medications** such as antidepressants, antipsychotics, and mood stabilizers are covered for Advanced Health Members directly by Oregon Medicaid. Pharmacies should bill these prescriptions to DMAP. Call 888-202-2126 or fax 888-346-0178 for questions.

**Liquid Oral Medications** will be covered for members 12 year of age and younger. All others will require a PA.

**HIV Medications** approved by the FDA for treatment and prevention of HIV are covered (Specialty Pharmacy). Call MedImpact Helpdesk at 800-788-2949 or Advanced Health 541-269-7400 for denied claims.

**MedImpact Direct Specialty** is our Specialty Pharmacy Provider. You may reach them at: (Phone) 877-391-1103 or (Fax) 888-807-5716 [www.medimpactdirect.com/providers](http://www.medimpactdirect.com/providers)

**Tablet Splitting** of some medications offer significant cost savings. Tablet splitters are available at no cost to Advanced Health members. Call 541-269-7400

**All Stimulants** require a PA for age 23 years and older.

**Vitamin/Mineral Supplements** are covered for prescription strength only unless otherwise specified.

**Opioids** are subject to Advanced Health quantity limits and prior authorization criteria. Up to 60 tablets per 180-day period may be covered without a PA for acute conditions. Opioid use beyond 60 tablets within a 180-day period requires PA. PA will also be required for all long-acting opioids. Local oncology providers are excluded from PA requirement for formulary opioids.

**Contraceptive Products:** 12 months of formulary oral contraceptives are a covered benefit after an initial 3-month trial. Preferred Oral agents: Sprintec (*Ortho Cyclen*), Seasonale for extended cycle, Levlen/Nordette, Lo Ovral, Nor QD/Micronor.

**Smoking Cessation:** Nicotine Patches/Gum/Lozenges, and Varenicline are available without a PA for up to two quit attempts per year (One quit attempt equals a 90-day supply of medication dispensed in 30-day increments). Pharmacy provider may contact Advanced Health at 541-269-7400 for information.

**Hospital, ER, Urgent Care Discharge or Dental Emergency Override** please contact the MedImpact Pharmacy Helpdesk at (Phone) 800-788-2949 for a 5-day supply of any medication prescribed at discharge for Advanced Health Members. Mental Health medications should be billed directly to DMAP (see **Mental Health Medications** above). Please fax prescribing provider to submit prior authorization for any medication that required 5-day override AND Advanced Health Attn: Jean or Lisa F at 541-269-7147.

**Vaccinations:** If members are less than 19 years of age their vaccine is covered through the Vaccines for Children (VFC) program. Members should be instructed to see their PCP or the Public Health Department for vaccine administration. Pharmacies are NOT VFC providers, therefore they may not administer vaccines to Advanced Health members that are 18 years of age or less. \*\*\*This does not apply to the COVID Vaccines.
